Dear Anthony,

Completed Sale of Central Air Compressors

As you well know, I embarked upon the process of selling 'Central Air' as a first step towards my retirement, so I am delighted that you managed to complete the sale of my Business to J. Ll. Leach Ltd earlier this month.

As a satisfied client I write to say thank you for the efforts employed by Acquire throughout the selling process. I felt on several occasions that your 'exceptional' service went beyond my level of expectation.

From our initial meeting to discuss the viability of a sale, through to conclusion of the deal with J. Ll. Leach Ltd, I have always felt very comfortable dealing with Acquire and have only good things to say about you.

I was very impressed with the way you went about identifying, qualifying and introducing potential acquirers to the Business, and the pace with which you produced a quality sales document covering all the key features of my Business. Your Company's professionalism really shone through during the sale negotiations, which I felt you managed and progressed with experienced strategy and great skill.

Your processes and methods of communication were also confidential at all times, and for this I am extremely grateful.

I would have no hesitation in recommending Acquire to other prospective SME business owners. I enjoyed working with you and would like to wish yourself and your staff all the very best for the future.

Kindest Regards

Shabbir Ahmed
